Experiance

Internship

SoftComm Technology Co., Ltd.   **(2024)**

- Completed an 2-month internship at SoftComm Technology Co., Ltd.
- Gaining hands-on experience in both frontend and backend web development.
- Collaborated with team members to achieve specific goals.
- Worked on real-world projects involving UI implementation, Server-side development, and database management while collaborating with senior developers to deliver efficient, user-focused web solutions.

Web Developer

MYDAY THU KYWAL CO., Ltd   **(2024 - present)**

- As a Web Developer at MYDAY THU KYWAL CO., Ltd, I develop and maintain core modules of the WeDay social web app, including the Page Admin Panel for page owners and the User Management Admin Panel for internal operations.

Freelance Web Developer   **(2025 - present)**

- Designed and developed custom web applications for small businesses and individuals.
- Created responsive UI, implemented server side functionality, and deployed complete solutions using modern web technologies to meet client requirements.

Projects

HEAVEN DISPENSARY

- Next.JS, MagicUI, Tailwind CSS, Framer Motion
- Collaborated in developing a modern, responsive landing page using Next.js, Tailwind CSS, and ShadCN UI. Integrated Framer Motion for smooth, interactive animations and implemented a custom mail system with dynamic email templates to efficiently manage user inquiries.
- https://havendispo.com

RAVEN TATTOO STUDIO

- Next.JS, Magic UI, Tailwind CSS, Framer Motion
- Developed a sleek and minimal landing page emphasizing performance and responsiveness. Built the interface using Next.js, Tailwind CSS, and ShadCN UI, and enhanced user experience with subtle animations powered by Framer Motion. Integrated a fully functional mail system to handle contact form submissions.
- https://raventattoobangkok.com

CONNECT STUDIO

- Next.JS, ShadCN, Tailwind CSS, Framer Motion
- Designed and developed a modern agency website with a focus on clean aesthetics, performance, and user experience. Built using Next.js, Tailwind CSS, and ShadCN UI for a consistent and responsive interface, with Framer Motion enhancing interactions through smooth animations. Integrated a functional contact form with a mail system for seamless client communication.
- https://connectstudio.info

BEAUTY SOCIETY BKK

- Next.JS, ShadCN, Tailwind CSS, Framer Motion, PrismaORM
- Developed a modern and elegant website for a beauty society with a focus on smooth performance and visual appeal. Built using Next.js, Tailwind CSS, and ShadCN UI to create a clean and responsive interface, enhanced with Framer Motion for refined animations.For the admin dashboard, Implemented Prisma ORM with a PostgreSQL database to efficiently manage and store content and user data.

WEDAY SOCIAL MEDIA PLATFORM

- React.JS, Tailwind CSS, Material UI, Java, MySQL
- Developed the frontend of the WeDay social media platform, a comprehensive social commerce ecosystem connecting creators, users, and businesses. Built using React.js, Tailwind CSS, and Material UI, I implemented responsive and interactive user interfaces while integrating APIs provided by the backend team. The platform leverages Java for backend services and MySQL for data management. Key contributions include rendering dynamic content feeds, handling user interactions, and ensuring seamless communication with backend APIs to support social features such as posts, comments, user profiles, and engagement metrics.
